Mr. Simon Chu
Berryessa Chinese School

RE: Congratulations

On behalf of the Board of Trustees of the Berryessa Union School District, I would like to congratulate your school and you on your 25th anniversary. Although I am new to Berryessa, I have become very familiar with the Berryessa Chinese School and all your successes. You should be proud of all that you have done for your community and for helping to maintain the culture and values of the Chinese children who attend your school.

Today we all too often try to meld cultures rather than keep and respect the specialness of each culture as what makes our country unique and strong. By encouraging your students to learn the dialects of the Chinese language, arts, and traditions, the American culture is enriched. You have done this well for 25 years and should be proud of that contribution to our community.

The Board and I value the relationship between your school and our district. It has always been a valued partnership that benefits both of us. I look forward, with enthusiasm and pleasure, to continuing that relationship for the next 25 years at least.

Again, congratulations on reaching the milestone of your 25th anniversary. We wish you every success in the future.

Sincerely,
